### About Intelligent Bio Solutions Inc.

Intelligent Bio Solutions Inc. is a life sciences company developing and delivering intelligent, non-invasive, real-time testing solutions to customers globally. With its world-first Biosensor Platform, Intelligent Bio Solutions is developing and launching diagnostic tests urgently needed to help people living with chronic disease. In addition, through its recent acquisition of Intelligent Fingerprinting, the company is the world leader in the advancement of portable drugs of abuse testing through the analysis of fingerprint sweat. The test is non-invasive, hygienic, fast, and cost-effective, and screens for recent use of opioids, cocaine, methamphetamines, benzodiazepines and marijuana. Sample collection takes just seconds, with results in ten minutes. A laboratory confirmation service is also available. The system has applications within many sectors, and customers include employers in safety-critical industries such as construction, transport and logistics firms, drug treatment organizations, as well as UK coroners.
